

Interior lamps

## Product Overview

- Optimum light recovery due to the use of 4 LEDs with operating time of at least 50,000 hours.  
The programme consists of versions with high-performance power LEDs and standard LEDs.
- Atmospheric lighting with separate switching of a red (or blue) LED
- Clear Perspex lighting lens (PMMA)
- Modern oval design
- Break-proof housing, shock-resistant and UV resistant (plastic: ABS). Colour: black
- Version without switch and frame is completely watertight and is therefore perfect for use in cold and moist environments
- Particularly suitable for low installation conditions due to the low height
- Mounting: screw mounting as an installation variant

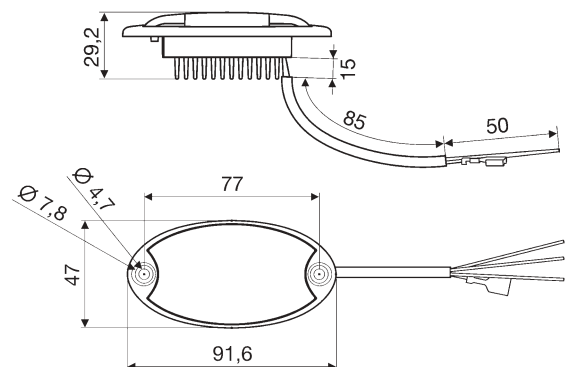

### Technical Data

Rated voltage (UN)	12 V	24 V
Standard version: 4 E-LEDs (white), 1 LED (atmospheric red or blue)	approx. 0.14 A	approx. 0.07 A
Power version: 4 G-LEDs (white), 1 LED (atmospheric red or blue)	approx. 0.3 A	approx. 0.15 A
Electrical connection	through a 150 mm long cable (2 x 0.75 mm <sup>2</sup> )	

### IP protection class

Version without switch/frame	IP 6K9K
Version with switch/frame	IP 40

# Product Overview

Part Number	Interior light without frame and switch	PU	Product picture
2JA 343 570-011	12 V, 4 white power LEDs, atmospheric red illumination	1	
2JA 343 570-001	24 V, 4 white power LEDs, atmospheric red illumination	1	
2JA 343 570-117	12 V, 4 white power LEDs, atmospheric blue illumination	48	
2JA 343 570-031	12 V, 4 white standard LEDs, atmospheric red illumination	1	
2JA 343 570-021	24 V, 4 white standard LEDs, atmospheric red illumination	1	

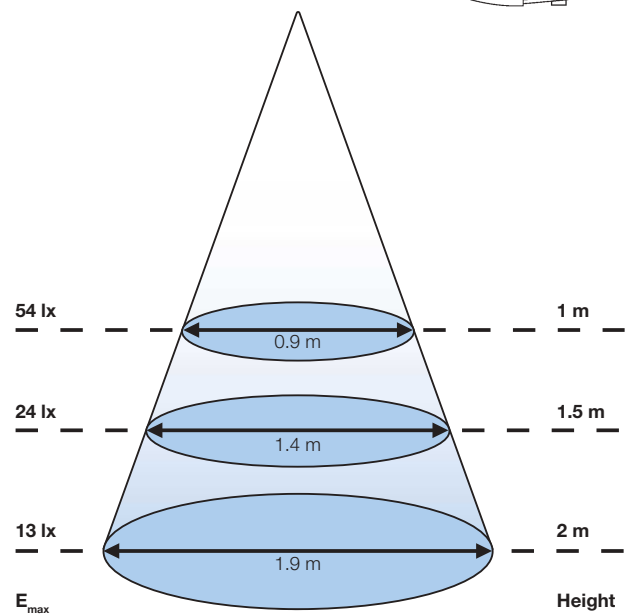

Part Number	Interior light with frame and switch	PU	Product picture/technical drawing
2JA 343 570-051	12 V, 4 white power LEDs, atmospheric red illumination	1	
2JA 343 570-041	24 V, 4 white power LEDs, atmospheric red illumination	1	
2JA 343 570-157	12 V, 4 white power LEDs, atmospheric blue illumination	48	
2JA 343 570-141	24 V, 4 white power LEDs, atmospheric blue illumination	1	
2JA 343 570-071	12 V, 4 white standard LEDs Atmospheric red illumination	1	
2JA 343 570-061	24 V, 4 white standard LEDs, atmospheric red illumination	1	

Other versions are available upon request.

## Light Distribution

Mini OvalLED  
E-LEDs (standard)

Mini OvalLED  
G-LEDs (power)
